## 'ROUND 'N' 'ROUND

Often wondered just what enjoyment a man gets out of his work when he isn't interested in his task.

When a man has a job in which he takes no interest — a job that merely provides him with bread and butter — a job that he hates to think about — then he isn't employed. He's a slave.

But a man who takes an interest in his work — who forgets he's working for wages — who feels that he is accomplishing something — is the world's happiest man.

Men must eat — therefore they must work. And the main object in finding oneself a job to which one is suited — by training, temperament and ability.

When he finds that job — and if he has the right stuff in him — he'll rise to a position of responsibility and trust.

And, sometimes, one is astonished by the men who rise from the gutter to success.

To illustrate, we present here, a true tale. You may think that it will need a grain of salt to be digested — but, nevertheless, it is true.

They are two brothers — and both are so different that one would take them for mere acquaintances.

John is the elder — Frank is the second born.

From the time of his birth, friends and the family predicted that John "would never amount to much."

John was lazy — there is no doubt about that.

He slid through school by the skin of his teeth. He was a smart lad — but just too lazy for study.

While his friends were out playing football and baseball John would be stretched out on a grassy turf reading a book.

And John graduated from high school to go out into the world to earn his living.

Friends and family shook their heads — John would be nothing more than a bum, they said.

Frank was different from birth. He was a tall, active (Continued on Page 4)

## LEVY TO BE CUT TEN CENTS

With a reduction in the Richmond Union high school district budget, submitted to County Superintendent W. H. Hanlon by the high school board recently a slash of ten cents in the school district tax is seen.

The budget for the year will be about \$30,000, according to the statement made by the school board.

As a result, it was recommended that the school tax be cut from 75 cents to 65 cents this year.

The reduction in the budget was made possible because of the fact that the building program at the high school has been completed.

Prior to this year the budget had to take care of the building at the high school and the improvements of the grounds, W. T. Helms, superintendent of schools said yesterday.

This budget was first given to Hanlon for his approval. It will later be given to the board of supervisors for their ratification.

The board has the right to either approve the slash, or to increase the tax. But, however, it is felt here that the board will give its approval.

## BOY SAVED FROM DEATH

Donald Moss, 3, son of Mr. and Mrs. Charles Moss, of 715 Ventura avenue, Richmond, is none the worse for a half mile trip down an irrigation canal.

When the parents of the boy were unable to find him in the yard of his grandparents home near Denair, a search was immediately started. The discovery of the child's hat floating in an irrigation canal led to the supposition that the boy had drowned.

However, on continuing the search the searching party were astonished to find Donald floating downstream half a mile below the farm and having a fine time splashing in the canal.

"I'm hungry," remarked the little adventurer when landed on terra firma by his anxious parents.

## Scotch Group Plans Picnic

Due to many members of the St. Andrews Society of Richmond being out of town on vacation trips, an informal meeting of the group was held in the Richmond clubhouse last night and plans were continued for the big St. Andrews picnic.

The picnic will be a typical Scotch affair with Highland dancing and bagpipe competition.

Following the meeting last night, Gladstone Lodge, Sons of St. George horseshoe team came over to the clubhouse and after a close contest defeated the Scotch team by a 21-20 score.

The winning team was composed of Joe Baker and Herbert Caswell while the losers were George Black and Bob Fulton.

Later this year, an authentic tournament will be held between the two lodges, and judging from the advance interest, the tourney will be hotly contested.

## TOLL BRIDGE 69 DIE IN SHOWS GAIN MINE BLAST

According to an announcement yesterday, gross revenues of the American Toll Bridge company for the six months ending June 30 were \$668,600, compared with gross receipts of \$592,100 reported for the corresponding six months period of 1929. According to the statement, this represents an increase of \$76,500 or 12.9 per cent over the 1929 figures.

For the month of June, 1930, gross revenues totaled \$118,000, which was an increase of \$15,200 or 11.4 percent over gross revenues of June 1929 which amounted to \$102,800.

If the increase of 12.9 per cent, which was shown for the six month period ending June 1930 be maintained, gross revenues for the full year would approximate \$1,417,000.

According to an estimate by the company, a reduction in operating expenses will amount to more than \$50,000 for the full year, while interest charges will be reduced about \$20,000 through operation of the sinking fund and payment of notes during 1929. After all charges including operating expenses, taxes and insurance, bond interest and sinking fund requirements profit before depreciation would approximate \$371,000.

After adding income before depreciation of the Martinez-Benicia Ferry company which is expected to reach \$30,000, total profits of the American Toll Bridge company before depreciation would equal about \$400,000 should revenues for the remainder of the year continue and the rate of increase shown during the first half.

Following the meeting last night, Gladstone Lodge, Sons of St. George horseshoe team came over to the clubhouse and after a close contest defeated the Scotch team by a 21-20 score.

The winning team was composed of Joe Baker and Herbert Caswell while the losers were George Black and Bob Fulton.

Later this year, an authentic tournament will be held between the two lodges, and judging from the advance interest, the tourney will be hotly contested.

## ACTIVITIES OF GROUP GROWS

A report on the year's work of the Richmond chapter of the American Red Cross was made last night at a meeting of the board of directors.

Plans for future events were also discussed at the meeting, held under the direction of Bert Scobie, president.

The work of the local chapter increased by a large margin during the year, it was reported.

Home service work showed the largest increase. There were 455 field visits made, compared to 247 for the last year; and 239 official visits were made, compared to the 172 last year.

The chapter aided in locating three missing men; aided a large number of veterans in finding employment, aided veterans in filing claims and rendered medical aid and sent supplies to families of veterans.

In the first aid work it was reported that 13 persons received certificates for a first aid course given by the chapter, and 14 El Cerrito Boy Scouts were given certificates for the course.

Twenty-eight senior members of the life saving class are now on the rolls, and 95 junior members are enrolled.

Swimming Taught

Twenty-three women and 59 children were taught to swim at first aid courses held here.

In the report on the hospital work, report was made that the members of the chapter visited the Mare Island hospital and also made a trip to Yountville.

During the visits to the hospital, the group presented birthday parties and minstrel shows for the veterans.

John A. Miller, chairman of the disaster relief committee, made his report on disaster relief plans, stating that El Cerrito, San Pablo, Pinole, Hercules, Giant and Richmond are now included in this district for its disaster preparedness plan.

Plan Told

It was stated by Miller that the plans are being formulated for the installation of a disaster signal siren on a down-town building.

The books of the chapter were ordered audited.

Plans were laid for the roll call, which will be held here later in the year.

A report was made that an elderly man in Pinole is an invalid and is in need of a wheel chair. Any person who has such an article may call J. W. Smiley at Richmond, 335.

A report was also made that a woman residing in Richmond is in need of a gas range.

## YOUTH LOST IN MOUNTAINS

LOS ANGELES, July 9.—UP—Little hope was held tonight that Howard Lamel, 18, Los Angeles, will be found alive on snow covered Mt. Whitney, where he became lost last Sunday while hunting with several companions.

Indian trackers and rangers pushed through the drifts for hours today in a futile effort to locate the youth before darkness fell. Aviators flying over the mountain reported they found no sign of Lamel.

The youth left his companions when they decided to scale the "easy" west side of the mountain. He took the east side climb and was to have joined them at the 13,500 foot level. His friends waited several hours at the agreed spot but Lamel did not appear.

## GOVERNOR TO DECIDE FATE

CANON CITY, July 4.—(UP)—Execution of Ralph Fleagle, expected at the state penitentiary here tonight was postponed pending decision of Gov. W. H. Aspin on an application of the bank bail for a reprieve.

Announcement of the postponement came less than two hours after Fleagle's attorneys had pleaded with the governor in Denver for a 30 day stay of execution.

If the governor refuses to intervene, Fleagle will die on the gallows before midnight Saturday.

Fleagle steeled himself against death today when all hope appeared gone, but refused his mother's plea that he "make peace with God."

Howard Royston and George Abshier, confederates of Fleagle, are to die next week for the same crimes, robbery of the Lamar Bank and four murders in connection with it.

Fleagle and his companions are former Richmond residents. Royston and Abshier were arrested in the county several years ago for breaking open railroad box cars and stealing the contents. Fleagle operated a pool room in Richmond for several years. All three of the men with Jake Fleagle, said to be the leader of the gang who is still being hunted, were wanted here in connection with the train holdup and robbery near Nichols last May.

## ALL STANDARDS WIN CLOSE CONTEST

The All-Standards were yesterday shut out by the league leading Barrel House with a score of 2 to 0 in a close, clever game.

The All-Standard sluggers were kept making bad guesses by Whetzel, Barrel House chucker, who allowed but three hits, all singles. "Buzz" also whiffed 11 All-Standards.

Didier, pitching for the All-Standards, also had fair luck on the mound. He was nicked for six hits, and fanned six Barrel House hitters.

Homers and triples were completely absent from the field of battle yesterday afternoon, although Vanni and Co'a of the Barrel House both accounted for a two bagger.

The All Standards were unable to overcome the fast fielding of the Barrel House aggregation. Only one All Standard succeeded in tapping back number three yesterday.

The victors collected their two points in the fortunate fourth inning, when Vanni and Cola sailed homeward on the crest of a hitting spree.

The Refinery and Mechanics are scheduled to furnish the baseball entertainment in the Standard Oil league contest this afternoon at First street at 5:15 o'clock.

## MAJORS DEMAND COAST LOOP SUBMITS TO SELECTIVE DRAFT

CHICAGO, July 9.—UP—Major league magnates, in what they said was an altruistic move in the interest of the down-trodden baseball player, slammed a mailed fist on the table today and told recalcitrant minor leagues either to submit to the selective draft of players on and after Dec. 1 1930 or be outlawed.

Pine organizations, the American Association, International, Pacific Coast, Western and Three-Eye, all of which have refused to submit to the draft provisions of the minor-major league agreement for the past nine years, would be affected.

Judge Konesaw Mountain Landis, high commissioner of baseball, who was supposed to favor the move, failed to attend the magnates' session at the Drake hotel, where the ultimatum was adopted.

The judge and the present minor-major league arrangement came into being together in 1921, in the wake of the 1919 world series scandal, when the majors appeared to be on the brink of disaster. The judge arranged the agreement. The five leagues refused to submit to its draft provisions.

The ultimatum carefully explained that the move was in interests of the players themselves, which protection it recalled, was one of the objects of professional baseball as outlined in the original 1930 national agreement.

If the five leagues refuse to abrogate their draft exemption clause by Dec. 1, none of their clubs will be able to obtain or sell players to the majors. Further, the ultimatum declared, no player from a recalcitrant league may be sent to the majors before spending one full year with a selective minor league club.

The draft arrangement of the five leagues has been a point of contention for nine years. Under the 1921 draft agreement, the majors were allowed to select players from minor league teams at a stipulated price. These prices were set at Class AA \$5000; Class A \$4000; Class B \$2500; Class C \$1500.

The San Francisco Seals, said:

"The Pacific Coast league will not accept the new draft agreement by any means, not even if the majors refuse to sell players to us and refuse to buy players from us.

"If the new agreement goes thru, the Pacific Coast league will develop into another major league. We will develop our own players and within a few years our teams will be just as strong as the major league aggregations."

He claimed that ultimatum was a "big bluff" because of the "great scarcity of players in the big leagues."

Putnam was asked if the Pacific Coast league could operate without revenue obtained each year through sale of players.

"The Sacramento club provides an answer to that question," he replied. "The Senators prior to 1930 and since 1919 have sold only one player, Earl McNeely, for a big price. Yet the Sacramento club has either broken even or made money for the last ten years."

He said he bases his belief that the majors will change their minds and rescind the ultimatum on the fact that nearly every major league club is financially interested in one or more minor league clubs.

The entire question will probably be considered at the Pacific Coast league meeting in November, Putnam said.

## COREY NINE TO MEET SELBY TEAM

The snappy Corey Garage nine will journey to Selby Sunday to tangle with the Selby aggregation.

The game is scheduled to start at 12:30 o'clock Sunday afternoon.

Lefty Brendel will perform the twirling operation for the local squad, with Kenny Swenson receiving for the Coreys.

The Corey Garagemen have been playing clever baseball through the present 1930 season, and have brought many prominent outfits to grief on local diamonds. They are therefore generally expected to present especially heavy opposition to the Selby team this week-end.

However, the up-county boys have no small reputation, and there should be plenty of give-and-take Sunday afternoon in the city of Selby.

## Peters Quits Olympic Club In 'Battle'

Represented by Richmond attorneys Francis Healy and Will Robinson Frosty Peters, former University of Illinois football star and the nation's greatest exponent of drop-kicking, yesterday severed relations with the Olympic Club and indicated he may bring suit against the club for lost time on the Pacific coast.

Discontent with positions offered him in between athletic seasons is believed to have caused the break. Percy Loece, Olympic club coach announced yesterday that Peters of late had been dissatisfied with his positions, jobs such as shipping clerk, longshoreman or bank clerk.

## Solons Drop Wild Game To Hollywood

SACRAMENTO, July 9.—UP—The Sacramento Senators dropped four full games behind Los Angeles when Hollywood trounced them here tonight 13 to 3.

Rumler's homer in the first inning started the Stars and they scored freely thereafter pounding out 21 hits off three Sacramento pitchers.

The Senators started their ace, Tony Freitas on the mound. In the fourth inning, after six runs had been scored on him, he was replaced by Gould, and Smith finished the game for Sacramento.

Yde was the winning pitcher, allowing nine hits but keeping them well scattered.

Sacramento aided its own downfall by making four errors.

## WASHINGTON TAKES TENTH WIN BY BEATING BOSTON RED SOX

### American League:

Washington, tied the 1930 major league record of ten consecutive victories Wednesday, by defeating the Boston Red Sox 5 to 2, in the first game of a double-header, but failed in their attempt to establish a new record when they lost the second game 5 to 1.

Sam Jones held the Red Sox to nine scattered hits to win the first game and chalked up his eighth victory of the season. Russell blanked the Senators for five innings, but weakened in the sixth and allowed four runs.

Boston pounded Lloyd Brown for 17 hits in the second game, while Milton Gaston checked the Washington sluggers. The victory was Boston's second over Washington in 12 games played this season.

Connie Mack used four pitchers but the Philadelphia Athletics were unable to stop the New York Yankees and dropped a 12 to 6 decision. Eric McNair's wild throw with the bases filled and two out accounted for two runs and Dickey followed with a home run.

George Uhle held the White Sox to six hits, all of which were made in the last four innings, and Detroit defeated Chicago, 6 to 1. The Tigers chased Al Thomas with three runs in the second and added three more off Braxton and Walsh.

The Cleveland Indians defeated St. Louis 9 to 5, for their second successive victory—the first time the Indians have won two in a row since they climbed temporarily into the American league lead on June 13.

### National League:

The Brooklyn Robins increased

their National league lead to two full games Wednesday winning a double-header from Boston, 8 to 0 and 6 to 4, while the Chicago Cubs were dropping a 10-inning decision to Cincinnati 4 to 3.

Dazzy Vance was in top form in the opener holding the Braves to three singles and fanning nine batsmen.

A squeeze play in the tenth inning enabled the Cincinnati Reds to score their fourth straight victory over the Chicago Cubs, Leo Dorochev, former Yankee laid down the winning bunt after the Reds filled the bases on Stripp's single, English's error, and a walk to Crawford. Riggs Stephenson drove in all of the Cubs' runs and was purposely passed in the tenth with the winning run on base.

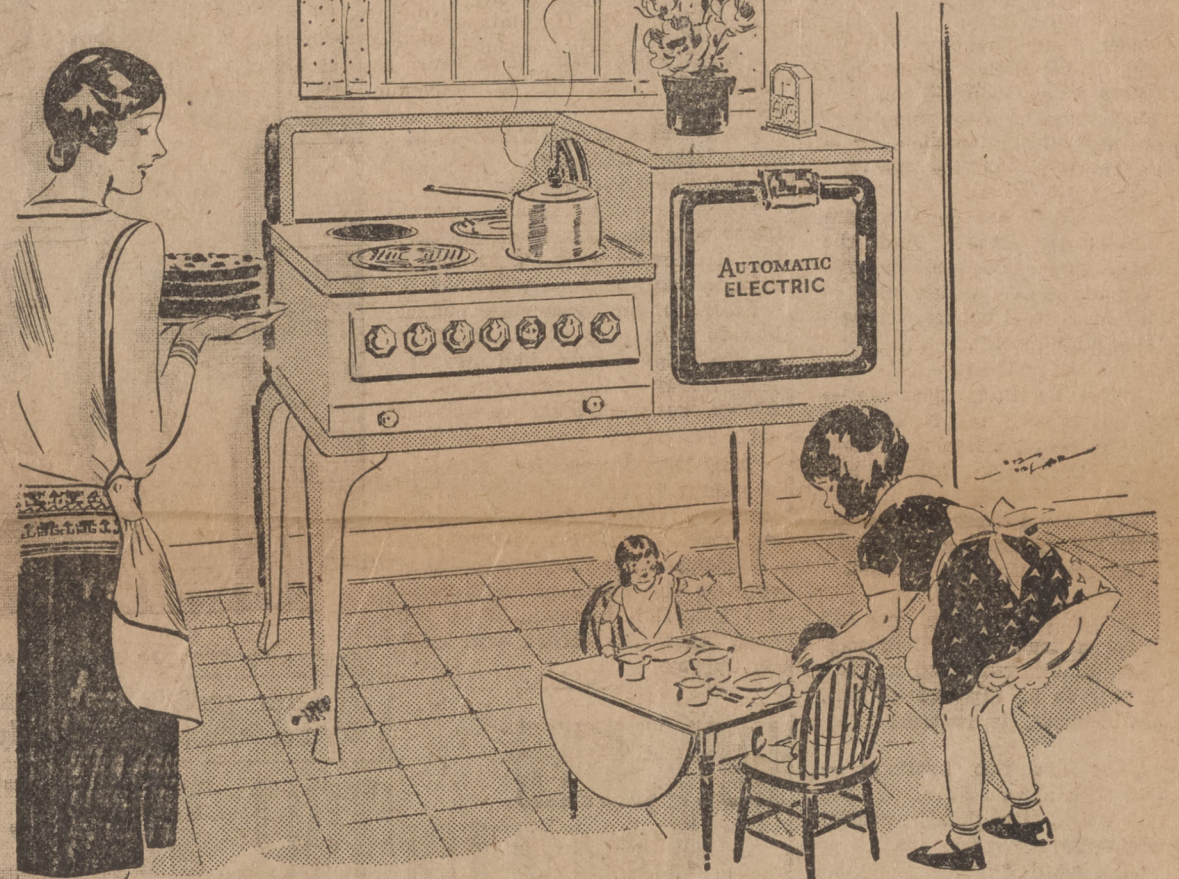

Friebberg's ninth inning pinch hit double, and singles by Southern, O'Doul and Klein gave Philadelphia a 5 to 4 victory over the New York Giants. The two runs in the ninth were the only scores made after the opening inning when the Giants tallied 4 and Philadelphia 3.

A three run attack in the eighth enabled the St. Louis Cardinals to defeat Pittsburgh 7 to 6. Wilson doubled with the bases full to drive in the winning runs. The Pirates pounded Syd Johnson for six runs to take an early lead, but were unable to score off Hal Haid in the last four innings.

## Local Party Attends Meet Of B. P. Y. U.

Among the delegates who arrived in San Francisco yesterday to attend the thirty-ninth anniversary convention of the Baptist Young People's Union were many representatives of the Richmond First Baptist church who will take active part in the five day convocation.

The arrivals daily proclaimed their home states with appropriate headgear, each determined to win the 1932 convention for their home town.

A Minnesota group aroused considerable rivalry by wearing straw "farmer" hats with gophers on the hat bands, inviting the convention to "Minnesota's, Washington" the "charm state" was represented by a group of "charmed Washingtonians" wearing purple berets.

Opening sessions of the convention were held last night with a welcome extended by Mayor James Rolph, Jr.; William McCrossen, national president responding. The convention was welcomed to San Francisco by Miss Beulah Berry, president of the northern California B. Y. P. U. Dr. W. P. Dearing of Indiana gave an interesting address to the gathering.

Many worth while programs have been planned with addresses from some of the most outstanding religious leaders in the United States. Many noted foreign workers are also slated for the program.

Rev. and Mrs. Kenneth B. Wallace of the Richmond First Baptist church are planning to attend most of the sessions, and several members of the church are taking active parts.

Mrs. George Jackson of the local church, will be a representative of the state women's board, Clayton D'Arcy, heading the committee on transportation, an important position, as many trips and excursions are planned for the visitors.

Robert H. Kinney is assistant chief usher at the various sessions. They are: Pauline McArthur, Ethel Bowman, Maxine Pruden, William Phillips, and Dorothy Kinney.

Many items of interest have been provided by the entertainment committee. All convention plans have been completely detailed in a beautiful golden jubilee program that has been issued. Tours will be made to Chinatown, under the guidance of the Chinese Baptist young people and, besides the numerous sight-seeing tours, there will be an excursion on the bay Saturday afternoon.

The sessions are being held in the Civic Auditorium and between 4000 and 7000 young people are expected to register by the end of the week.

Among the speakers on today's program are: Professor Carl S. Knopf of the University of Southern California and Dr. Frederick A. Agar of the Board of Missionary Co-operation.

## 20 Chicken Stolen Here

Mrs. Flora M. Chace, 401 Barrett avenue reported to the police that some time Tuesday night, a chicken thief entered her hen coop and abstracted 20 chickens from their comfortable roosts.

That the theft was the work of an expert chicken thief is the theory of police, as the culprit came, took the chickens and left making no noise.

The theft is the second of the week. Homer Clements, of 5339 Sutter street, reporting to police Tuesday that 25 chickens had been stolen from him.

## Huston Ouster Seen At Meet Of G. O. P. Today

WASHINGTON, July 9.—UP—Republican party leaders here for one of their most important conferences of the year tomorrow, confidentially predicted tonight of the retirement of Claudius Huston as Republican national chairman.

Party sentiment, as expressed by leaders was overwhelmingly to the effect that Huston should go for the good of the party, regardless of whether his personal conduct in temporarily diverting to his private stock margin account funds given him for the Muscle Shoals activities is subject to censure.

Several leaders said that Huston, who has stubbornly refused to yield to hints that he should retire, has not agreed that his usefulness as national chairman has been impaired and that he should retire.

The meeting tomorrow is to consist of officers of the republican national committee, together with the chairmen of the house and senate campaign committees. It was called by Huston to consider plans for the coming congressional campaign.

**School nurse says all girls should know this**

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically, and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping." Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless, and works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

# FAMOUS AUTO SCOUT ON JOURNEY

LOS ANGELES, July 9.—Outdoor Franklin, famous exponent of "The Great Open Space," has just started on his most ambitious scouting trip. He is now on his way in his equally famous Richfield Scout car to Prince Rupert, Canada, and, before he returns home, will have covered more than 6000 miles.

Going north he will cover the Redwood highway from Sausalito to Crescent City, reporting on road conditions. He will follow the Roosevelt highway to Portland via Gold Beach, Tillamook and Astoria. The Pacific highway will be his route to Vancouver, B. C. From here it is about 600 miles to Prince Rupert.

Returning, Franklin will take side trips to Mt. Rainier national park; make the famous Mt. Hood loop out of Portland, and when he reaches Eugene, Oregon, will go over the McKenzie Pass route to Bend, down the Oregon Skyline Trail to Crater lake, thence back to the Pacific highway at Medford.

The last stage of the trip will swing through the Imperial valley—lower than sea level. After touching the Mexican border, he will cross the mountains to San Diego, Tijuana, and Agua Caliente, the new border mecca for tourists, will also be embraced in his trip.

Franklin's car is outfitted so that he lives in it with comfort—a luxurious "suite on wheels." It is equipped with refrigeration, complete cooking facilities and has a compartment for carrying fresh water. The car is also fitted with radio.

Franklin is a great favorite with Western motorists, and a popular figure among motorists, anglers and outdoor devotees in general. He is recognized as one of the best informed men on the Pacific coast as to fishing and hunting conditions.

He is arranging to keep in communication with Richfield headquarters so that the hundreds of letters he receives seeking road and stream information will be answered promptly while he is away.

## FLIER FORCED DOWN BY OIL LINE LEAK

RIO DE JANEIRO, July 9.—UP.—The frequently delayed attempt of Jean Mermoz, French aviator, to prove practical an airmail service linking Europe with South America was frustrated in mid-flight today.

Engine trouble forced Mermoz to bring his giant seaplane to rest on the placid surface of the Atlantic about 300 miles from Dakar, Senegal, Africa, his goal, and this evening he was being towed over the water by the Aeropostale steamship Phoece toward port.

The mail was intact. A fast dispatch boat was rushed from Dakar to meet the disabled seaplane. The mail will be transferred and rushed to Dakar, whence another plane will take it on to Europe.

A faulty oil line was the cause of the forced landing. Mermoz signaled he intended to land as soon as he sighted the ship, because of engine trouble.

The Phoece was the last of four dispatch boats stationed along the route which Mermoz and two other Frenchmen in the airmail service were retracing in their effort to pioneer an air trail both ways across the south Atlantic. They succeeded in making the flight out from Senegal on May 12, 13, and had sought to fly back to prove a regular air mail service practical.

The landing was made on moderate seas reports to the Aeropostale company, in charge of the flight, said. Mermoz sought to repair the broken oil line with tools from the Phoece, but abandoned the attempt and agreed to permit the dispatch ship to tow him to port. The progress was reported slow.

They expected to make for either Porto Praia, Cape Verde islands, or for Dakar, on the African coast.

## 2 Americans Killed In Plane Wreck

SETTIN, Germany, July 9.—UP.—A grim tragedy of air and sea was enacted in the past 48 hours on the Baltic sea, was believed today to have cost five persons their lives, including two Americans.

The five were passengers and members of the crew of a Dornier-Wal seaplane, forced down on the rough sea while enroute from Berlin to Stockholm. Two other members of the crew and one passenger, were reported saved.

The Americans were Miss Ruth M. Northrop, of Philadelphia and John L. Burkholder, of Mt. Pleasant, Pa.

The great seaplane, carrying five passengers and a crew of three, was sighted by the American motor schooner Maja and taken in tow, reports reaching here said. All was well at first and the rescue was reported, relieving anxiety when the plane, overdue at first, was not found.

But the sea was too rough and the seaplane as it was towed, overturned. The Maja sought to go alongside and pick up the passengers and crew floundering in the choppy sea. The waves were high, and the effort failed.

Then the German steamer, Spes, sighting the wreck, sought to effect a rescue, but also was unsuccessful.

## WILBUR LAUDS BOLDER DAM START

WASHINGTON, July 9.—UP.—Describing the giant Boulder dam power project as the "most significant step yet taken by this country in the conquest of the desert," Interior Secretary Wilbur today advised the Metropolitan Water District, the City of Los Angeles and the Southern California Edison company of commencement of the project.

In a joint letter to these three contractors for Boulder Dam power, Wilbur thanked them for their "continuing co-operation in making the project a success in all its phases."

"It is recognized that this great water power project requires the co-operative effort of the whole Colorado river region as well as the federal government," the secretary's letter said. "Each of our organizations has assumed an important share in that co-operation."

"The Metropolitan Water district has undertaken the solution of the water problem. The city has undertaken the generation of a major part of the power and the purchase of a long share. The Edison company, although faced by the serious problem of making its own production now supplies, has pledged its co-operation and contracted to generate and purchase a share."

"Together the city and company, by underwriting the 36 percent of firm energy allocated to the states of Arizona and Nevada until those states can use it, have made possible a wide regional benefit from Boulder Dam power—a regional distribution which will eventually include as contractors, two states, 12 cities, the Metropolitan water district and four companies."

## PEACHES WILL ARRIVE AT CANNERY

The first shipments of peaches this year will start arriving at the Ellice and Perrelli cannery next week according to Walter Harcourt, sales manager for the company.

Capacity operations will accompany the peach shipments. Apricots are being canned at the present time. The daily output of fruit will be increased as a result of the peach shipments, as peaches may be handled faster than apricots.

The first peaches to arrive here will be shipped from Yuba county. The price to the cannery has been fixed at \$26.50 a ton.

Only a limited amount of peaches will go to the canneries of the state this year, as this season's peach crop in California is too large for distribution.

A small shipment of apricots has already been sent to San Francisco by the local cannery. The next shipment will include a complete assortment of apricots, peaches, and pears. This fruit will be sent to Perrelli cannery.

## Lions Club Holds Meeting

"Business Life Insurance" was the topic on which A. Leslie Aron of San Francisco spoke before a meeting of the Richmond Lions club in the Hotel Carquinez recently.

The meeting was the first to be held under the supervision of the new president, A. J. Furrer, and George Upham was chairman of the day. Elmer Gallagher, of San Francisco added to the program with songs and stories.

Dr. A. B. Hinkley, retired president of the club, and Richmond's new mayor was given a rousing ovation when he entered.

## CARDINAL TO BE BURIED SATURDAY

VATICAN CITY, July 9.—UP.—The body of Vincenzo, Cardinal Vanutelli, dean of the Sacred College of Cardinals, lay in state tonight in the throne room of Dataria Palace, in which he had lived.

Funeral services will be held Saturday from St. Ignatius church. A valiant and unrelenting battle for life ended in his death at 5:10 p. m. today.

He retained consciousness to the end, although he had been unable to speak the last three hours. Before then his mind had remained alert, however, and the 93-year old cardinal recognized and chatted with relatives, despite a high fever, and faltering heart, weakened by old age and the strain of internal troubles which finally resulted in his death.

Granito, Cardinal Pignatelli De Belmonte now becomes dean of the Sacred College. The United Press learned cardinal Pignatelli would probably succeed Vanutelli as apostolic Datary.

## L. A. Moves To Check Spread Of Epidemic

LOS ANGELES, July 9.—UP.—Stringent regulations on the attendance of children at theaters of Los Angeles until the present serious infantile paralysis condition is remedied were agreed upon today by city health officials and theater owners.

Theaters will refuse to admit children not accompanied by adults and will attempt to see that children admitted do not gather in groups but scatter through the audience.

Fox, Warner Brothers, RKO, and Paramount Theatre, California Theatre, Belasco, and Bard Theaters, were represented at the meeting.

Dr. George Parrish city health officer, said that 80 cases of the disease had been reported the first eight days of July and that five deaths had resulted.

Cardinal Vanutelli served under five popes. He attended four conclaves, and was present at the election of Pope Leo XIII as secretary of the conclave. His brother, Serafino barely missed election as pope at the conclave which followed the death of Pope Leo.

## IS THIS YOUR FUTURE SHADOW?

"Coming events cast their shadows before"

Be moderate—be moderate in all things, even in smoking. Avoid that future shadow\* by avoiding over-indulgence, if you would maintain that modern, ever- youthful figure. "Reach for a Lucky instead."

When tempted to over-indulge

"Reach for a Lucky instead"

**Lucky Strike**, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." **Lucky Strike** has an extra, secret heating process. Everyone knows that heat purifies and so 20,679 physicians say that **Luckies** are less irritating to your throat.

# "It's toasted"

Your Throat Protection—against irritation—against cough

\*In his famous book entitled "Foods For the Fat," Dr. Yorke-Davies gives this advice: "Any system for reducing fat will be of no avail if the patient persists in eating between meals." We do not represent that smoking **Lucky Strike** Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky instead," you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.
